

ROADS OF COCHISE LEAD

STATE SAYS D. S. HEARD

CHASCO, Arizona, June 2, 1919.—

"The roads of this county are a revelation good to see," declared Dwight B. Heard, of Phoenix, on his arrival yesterday noon in the Warren district from Douglas. Mr. Heard is the owner of the Arizona Republican of Phoenix and is heavily interested in lands and cattle in the Salt River valley. He passed through the district en route home from Douglas, where he had been attending the Border States Tennis tournament, of which he was elected president.

Mr. Heard is the real "Grand Old Man" of the border states association. Five or six or seven years ago, when the Border States organization first invaded the Veteran's events and introduced them to the tennis playing public, Mr. Heard was one of the first entrants in this division. Until then he had been playing in the free-for-all, pitting himself against the youth and vim of the entire district.

His enthusiasm, his ginger, his pep and earnest endeavor for the association assured the success of the veteran events. In the next era of the association the same events were included. He again entered and placed his whole spirit into the matches. This time they played in El Paso, and the veteran from Phoenix was branded by newspapermen of El Paso attending the tourney the "Grand Old Man" of the border states association.

"The tournament was good, but your roads are better," declared the visitor. "You have set the pace for the remainder of the state in the manner in which you are constructing highways. When you road from Douglas to Bisbee has been completed it will be the best highway in the entire state for its length. Other counties will strive for a long time before finally they catch up to your county."

"We are getting under way up in Maricopa and will have a good roads program working soon," Heard continued. "We have just voted \$4,000,000 for highway construction. Within two weeks, probably, we will have gangs at work on our new roads. When we finish we will have close to as good roads as you have down here."

Mr. Heard was in his motor car. Enroute home he inspected the highway between Bisbee and Tombstone and the new link to Benson.

INDUSTRIAL SCHOOL BOYS APPRECIATE BALL MIT

PHOENIX, June 2.—This is a little story of Fort Grant State Industrial School which will appeal to lovers of baseball. The boys had had only cheap mitts to play in which were really an annoyance because they so soon wore out. They constantly begged the Superintendent to buy a real good one. At last, one day when he returned from a trip to Wilcox, the nearest town, 25 miles distant, they warned around his auto, exclaiming, "Did you get that mitt?" For answer the Superintendent handed it to the loader, who looked it over critically. "That's something like it," he said. Then turning to the others he laid down the law as regarded the new mitt. "Fellows, we're going to have a committee to look after this new mitt. Something's going to happen to the boy who is careless of it, that's all I've got to say now."

The boys all thanked the Superintendent for purchasing a first-class mitt for their ball games, and such good care was taken of it, that it lasted a long time.

There is good in every boy sent to our state school. Some of them are worse than others, of course, but if they are handled right by a man who has been trained in just this work, a large proportion will be turned out who will make good, industrious citizens. But if we appoint men as its heads who have had no experience whatever, and change them at least once in two years, we shall get the very least in good results.

Arizona is a young state, and, with the new buildings going up soon at Fort Grant State Industrial school, if we see that trained heads are placed in charge, the state will have a school it may well be proud of.

Globe to establish large aviation field.

SHOOTING AT FORT

NO DETAILS AVAILABLE.

(From Tuesday's Daily)

Word of a shooting scrape last night at Fort Huachuca, was received by the Sheriff's office early this morning and Deputy Sheriff Harry Rafferty and Assistant County Attorney M. L. McKelligan left immediately for the scene.

According to the reports received here, which were meagre, the shooting appears to have taken place at the resort conducted by one Mamie Dalzell, and it is claimed that another woman staying at the resort shot the Dalzell woman following a dispute resulting over jealousy for a soldier with whom they were both in love.

It was impossible to obtain information of the shooting either by wire or telephone, the army officers refusing to divulge any information and the return of the officers will be necessary before the true status of the killing is received.

Some reports had it that both women had killed each other in a duel, others that one woman had killed the other and still others that besides both women being killed the soldier lover had been wounded.

Owing to the coroner's inquest necessary to be held, the officers will not return until probably late this evening.

SAYS SHOOTING OF BOY WAS ACCIDENTAL.

Jose Marentes, father of Patricio Marentes, of Bowie, who was brought to the county jail yesterday charged with killing Tommy Gould, a 6-year-old boy of the same place, today denied the fact that his son purposely killed or sought to kill the Gould boy, but claims that it was purely accidental. He says the boy had stolen the .22 rifle from the house against his mother's wishes and with two other Mexican boys was going hunting, and that the boy believed the gun was not loaded when he pointed it at the Gould boy. The father of the boy says that the family deplores the accident and that he is confident that the proper proof will be brought out at the trial. The coroner's jury which held the inquest at Bowie, however, following the shooting, returned the following verdict:

"Our verdict is that Thomas Gould met death at the hands of Patricio Marentes by gun shot from .22 caliber shot with malicious intent." Signed: Wm. Coxon, R. A. Wheeler, Charles M. Lewis, C. Bunch, J. W. Lancaster, W. G. Carroll.

ARIZONANS BRING IN

CUSHER IN BLOCK 86

PHOENIX, June 2.—A gusher has been developed on block 86, near the Burk-Wagoner tract in the northwest corner part of the Burk-Wagoner field by a Phoenix association, the Harmon-Hughes Land company. According to wires received from Tom Hughes of the company, oil is spouting 50 feet above the derrick and there is every indication that a 2000 barrel well has been developed. Hughes, who has been in the Texas field for several months past, is state senator from Cochise county. President of the corporation is L. L. Harmon, former president of the Arizona Cattle Growers' association and director of the Phoenix National bank. All the rest of the stock is held by Phoenix business men, nine in number.

CENTRAL HOTEL ROBBED TODAY.

(From Tuesday's Daily)

Sometime during last night or the early morning hours today burglars entered the Central Hotel on Toughnut street and robbed the place of \$125.00 in cash and over that amount in jewelry, including pins, watches and rings belonging to Mr. and Mrs. G. H. Holland and family. It is believed the robbery was committed by persons familiar with the surroundings of the hotel, since the money was taken from under a mattress in the apartments occupied by the family. Constable Porter McDonald is working on the case and may have a clue to the robbery by tonight.

Phoenix—\$4,000,000 bond issue passed for county road construction and gangs will soon be at work.

TOWNSHIP SURVEY PLATS

FILED FOR APPLICATION

PHOENIX, June 2.—John L. Irvin,

register United States land office, of Phoenix, and Scott White, receiver, have announced that township survey plats of townships 10 and 11 south, range 25 east, G. & S. R. Mer., townships 12 and 13 south, range 22 east, G. & S. R. Mer., and townships 14 and 15 south, range 21 east, G. & S. R. Mer., have been received at this office from the surveyor general of Arizona, and such plats will be officially filed at this office on July 10, 1919, at 9 o'clock a. m. Applications for the unappropriated lands embraced therein will be received at this office on and after June 10, 1919.

Township survey plats of townships 10 north, ranges 15, 17 and 18 west, G. & S. R. Mer., township 11 north, ranges 16 and 18 west, G. & S. R. Mer., and township 12 north, ranges 13, 14, 15, 16, and 20 west, G. & S. R. Mer., have also been received at this office from the surveyor general of Arizona, and such plats will be officially filed on July 2, 1919 at 9 o'clock a. m. the unappropriated lands embraced in such surveyed townships becoming subject to application on and after July 11, 1919.

TWO RUNAWAY GIRLS DUPE

OFFICERS AND MAKE ESCAPE

PHOENIX, June 2.—F. C. Clark, 19, and Ethel Rathe, 13, alleged by the police to be runaways from Yuma, escaped late last night from Constable J. Jones of Buckeye, as the officer was about to place the pair in the county jail here.

Jones arrested Clark, the Rathe girl and her brother, Leslie Rathe, while they were driving through Buckeye yesterday, on advice from the Yuma authorities received through the sheriff's office here. The Buckeye officer brought the three to Phoenix. When they arrived at the county jail all said they were hungry.

On their promise to return, Jones allowed them to go to a restaurant for something to eat. When they did not return after a lengthy wait, Jones went to search for them and found Leslie Rathe, who, the constable says, told him his sister and Clark had hired an automobile and left the city.

Rathe was detained at the county jail. He alleges, according to the officers, that Clark and his sister are married. The girl is small for her age, which is given at 13.

An unconfirmed report was received late today at the sheriff's office that Clark and the girl had been recaptured at Buckeye.

AIRPLANE TO LAUNCH

STATE RECRUIT DRIVE

PHOENIX, May 31.—Capt. L. E. Appleby of the United States army aviation service will arrive here in his plane Monday to commence statewide drive for men to fill the gaps in the aerial arm of the national forces. This information was contained in a telegram received by the chamber of commerce from Capt. Appleby today.

Following the captain's arrival in his airplane, 2 other planes will also make their headquarters at Phoenix during the campaign for men, the first of its kind in the history of the country. The squadron of three flyers left Rockwell field, San Diego, a week ago and have been combing southern California for recruits.

EXAMINE OIL BOOKS

PHOENIX, June 2.—The books and records of the Texas Globe Oil & Gas company were taken yesterday from the office of the president of the company, Walthour Wolf, in the Del Ray building, by an official of the corporation commission, and taken into the statehouse for examination and investigation. Officials of the company have been cited to appear on June 5 and show cause why they have not complied with the investment laws of Arizona. They are charged with selling stock in the concern without a permit.

RAILROAD AGENT LEAVES

MIAMI, June 2.—J. B. Stone will succeed J. E. Hanlin, Arizona Eastern agent at Miami. The change will be effective next Monday morning. Mr. Stone comes to Miami from San Carlos, where he has been the station agent for the last eight years.

DUNBAR ARRESTED ON

A CHARGE OF LIBEL

PHOENIX, June 2.—John O. Dun-

bar, editor and publisher of a weekly paper here, was arrested tonight on a charge of libel, a felony, on the complaint of P. R. Milnes, secretary to Governor Campbell.

Milnes said tonight that he read the article complained of in this week's issue of the paper at 4:15 o'clock this afternoon. At 4:30 he was in the office of County Attorney Laney, demanding a complaint. At 5:19 the complaint was issued, at 6:30 Justice de Souza issued a warrant, and at 8:50 Dunbar was under arrest. The defendant posted \$500 cash bail pending the preliminary hearing which was set for next Friday.

The use of the word "degenerate" was the basis of complaint filed by Milnes. The name of Joseph V. Prochaska, state game warden, was coupled with that of Milnes in the article and Prochaska also asked for the issuance of a complaint which the county attorney delayed until he could satisfy himself of the legality of authorizing the institution of two criminal actions on the ground of the same published article. At a late hour tonight the warrant in Prochaska's name had not been issued.

Conviction on a charge of criminal libel, according to the state law, carries a maximum fine of \$5000 or a one-year prison sentence.

WOLVES AND LIONS

RAVAGE ALL BLACK

RIVER NEIGHBORHOOD

PHOENIX, June 2.—A critical situation, which is costing the cattlemen of the Black river and Eagle creek country thousands of dollars a month has arisen in that section through the destruction of stock by wolves and lions. W. E. Musgrave, inspector of predatory animals, has just returned from a tour of inspection of the ranges in that section. He reports conditions there upon his arrival as being exceptionally serious. Hundreds of white faced cattle are being slain and the monetary losses are tremendous.

To cope with the situation, Musgrave has detailed one lion hunter and three wolf hunters, with the hope of wiping out the animal marauders.

The situation is typical of many which have arisen from the old system of paying bounties on animals slain, says Musgrave. He points out that under the bounty system there has been too great a temptation to collect on the pups, during "pupping season," allowing the larger animals and especially the females to go unharmed. In this way professional hunters have said to have worked up a good business which they took pride in maintaining indefinitely.

PHOENIA LIE WHO MADE

VISIONS PAY DIVIDENDS

CHARGED WITH INSANITY

PHOENIX, June 2.—An insanity charge was filed today against Bertha Smith, who some time ago was denied permission of the court to change her name to "Bride Ellee" and who is a member of a family formerly known in Yavapai county.

Dr. J. Aylmer Harding, who filed the charge, stated that Miss Smith had told him of her visions of an international temple to be built in Phoenix and of direct messages received by her from the angels. He testified that Miss Smith's visions led to her obtaining amounts of money from various people, his own wife, he said, being among those who had made loans to the young woman. Judge Stanford took the case under advisement.

Miss Smith was called as a witness by her counsel. He told the court she hoped still to build a temple in Phoenix where all might worship. Its proposed seating capacity, she said, would be from 12,000 to 15,000. When the court asked her age, she replied with a smile, "over twenty-one."

AUTO THEFTS TOTAL \$30,000

PHOENIX, June 2.—The discovery today of another missing automobile with tires and other accessories stolen brings the value of stolen automobiles and parts within the past two weeks to \$30,000, according to a statement by the police. An organized gang of automobile and accessory thieves is believed to be operating in Phoenix, with a clearing house either here or in some other city of the state.

MIAMI APPROPRIATES

FLOOD WATERS OF PINAL

MOUNTAINS WATER SHED

GLOBE, June 2.—Water conserva-

tion seems to be the principal topic of discussion in this city and Miami at the present time. The city of Globe has appropriated the flood waters of the Pinal mountain water shed by complying with the law governing same, that is, by posting the necessary water appropriation notices, and the construction of "check dams" at several points in the Kellner, Ice House and Six Shooter canyons in the Pinal mountains. This work, however, is for the sole purpose of establishing the city's right to appropriate a given quantity of the waters of the above canyons, and at the same time make an approximate cost of constructing the necessary "check dams" to retard the overflow and conserve the flood waters for the utility of the citizens of Globe.

Seven dams have been constructed at an average cost of \$10.20 per dam. W. H. Keegan, secretary of the Gila County Taxpayers' association, considers \$10 per dam would be a conservative estimate of the cost where the natural location warrants building same. He says these dams should be built as soon as possible in order to conserve the midsummer flood waters.

WON'T CONSENT SALE

MIAMI WATER PLANT

PHOENIX, June 2.—Considerable

comment has ensued from the statement made last week by the corporation commission in the matter of the proposed sale of the Miami Water system by Clyde Van Dyke to the town of Miami.

Speaking for the commission, the other commissioners being present and in accord, F. A. Jones announced that the commission had been informed that Van Dyke was about to attempt to sell his water system to Miami for the sum of \$311,000, and that the value the commission would place upon it was \$66,084.12.

"The consent of the corporation commission is necessary to the transfer of a public utility," said Mr. Jones, "and the commission will not consent to this sale at a figure 500 per cent higher than its actual value."

"Does Mr. Jones' statement meet with your approval?" the other commissioners, A. A. Betts and D. F. Johnson were asked, and they answered in the affirmative.

JURY RETURNS VERDICT

IN WILLIAMS CASES

FLORENCE, Ariz., June 2.—Late Saturday night the jury in the consolidated cases of William Boggs, as administrator, against the Southern Pacific company, returned a verdict of \$2,000 against the company.

In the first case the jury returned a verdict of \$12,000. The cases of the remaining members of the family were then combined and the case was concluded on Saturday night.

Mr. Williams, his wife and five children were instantly killed May 5, 1918, when their automobile was struck by a Southern Pacific passenger train at Casa Grande. But one child survived.

ADMITS LARCENY

IS SENT TO PRISON

PHOENIX, June 2.—Hugh Smith, who pleaded guilty Saturday to a charge of grand larceny, was sentenced by Judge Stanford today to serve from five to seven years in the state prison. Smith admitted stealing groceries from his employer here. While being returned from Kansas a short time ago, Smith escaped from his guard, Deputy Sheriff Ernest Smith, by leaping through a train window, but subsequently was recaptured.

Mineral park—Rural and Buckeye mines sold, extensive development expected.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. Hall's Catarrh Cure has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Cure acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions. After you have taken Hall's Catarrh Cure for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Cure at once and get rid of catarrh. Send for testimonial free. F. Z. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.
